MEMBERSHIP DATABASE

For some time now we have been thinking about building a database of email addresses for our members. This would help with future mailings and would mean that we could keep in touch with our members on a more regular basis e.g. weekly/monthly email bulletins. It would also help the Group save on the high printing and postage costs it has incurred in the past a yearly figure of £1,585.

It would therefore be most helpful if you could **all** complete and return this form to us at the above address as soon as possible. **Please complete all fields.** Alternatively drop us an email at the above address.

Full Name:		
Address: (including postcode)		
Email Address: (please print clearly)		
Telephone Number: (including STD code)		

If however you do not have an email address and would still prefer to receive mailings by post please indicate your preference by ticking in the box below:-

<input type="checkbox"/>	I would still prefer to have mailing sent to my home address in future

Your child may also wish to participate in the database for future mailings from our Youth Chair. If you are happy for your child to be contacted in this way please tick below and provide their email address:-

<input type="checkbox"/>	I give permission for my child to be added to the Youth Database
